Water and Wastewater Master Plan Update and Transportation Master Plan Update

The Regional Municipality of York is planning for the future and has completed updates to its Water and Wastewater Master Plan and Transportation Master Plan. Research, analysis and community input guided the updates. Thank you to all who participated and for having your say.

York Region is expected to grow to 1.79 million people and 900,000 jobs by 2041. Master Plans are fundamental tools to accommodate population and employment growth. York Region's Master Plans guide infrastructure needs and strategies to address water, wastewater, roads and transit services over the next 25 years and beyond.

The Water and Wastewater Master Plan identifies water and wastewater servicing strategies to address current and future servicing needs to provide safe, reliable and cost-effective services to the Region's communities.

The Transportation Master Plan establishes the vision for transportation services, assesses existing transportation system performance, forecasts future travel demand and defines projects and strategies to address road, transit and active transportation needs.

Your community, your say.

The Water and Wastewater Master Plan update and Transportation Master Plan update are available for review until **Thursday, September 15, 2016**.

Electronic copies are available for review at york.ca/wwmp or york.ca/tmp

Print copies are available for review at the Office of the Regional Clerk, located at the York Region Administrative Centre, 17250 Yonge Street in the Town of Newmarket and at each local municipal clerk's office. Please visit york.ca/municipalities for civic centre details and addresses.

Accessible formats of the Master Plan updates or communications supports are available upon request.

We invite you to review the Master Plan updates and have your say by Thursday, September 15, 2016. Please direct comments to:
